Soak

First train out of here  
So you could be near your dear  
Knife to the back, her hidden attack  
Don't go  
Don't go  
I know there's monsters in your house  
I'll be your ghostbuster  
And together we'll get them out  
I'm sorry she would not stay  
Don't go  
Don't go  
So long to goodbye  
So long to goodbye  
So long to goodbye  
So long to goodbye
