Soak

You've been forgetting to brush your teeth
You've been out every night this week
You've been smoking but you don't smoke
Everyone's laughing out
You're the butt of the joke
You are better than the arctic sealine

Pissing by a public stop sign
You could go home but you're not the kind

Overcompensate with your vices
A reward for a couple days of niceness

But you're pissing by a public stop sign
You could go home but you're not the kind

I'm not the only one in crisis
I'm not the only one in crisis
All you own is your name
And you're the winner again
