Twenty bands in my jeans this shit barely fit
And don't be tellin' me you love me if you ain't gon' pay me
And if yo' watch don't act like this then yo' shit fugazy

Can't trust none of these niggas, been runnin' up my riches
And if you want me on this team, bitch you gotta show me
That nigga drivin' a O-13 and he barely own 'em
Twenty thousand on these slugs just to talk in diamonds
VVS my AP can't tell what the time is

Bitch tryna lock me down on some cop shit
I'ma post up on the block and tote this Glock bitch
Niggas talkin' to the rollers on some cop shit
Can't condone, keep lips sealed like a lock smith
Bitch tryna play me, you ain't gon' play shit
All these diamonds on my neck like a lake bitch
Niggas want me gone, keep a pole on me
Attachments on they chop, that's a big telescope on me

Bust down bitch
Keep a hundred round bitch
