

## Down To Slide

SOB x RBE

I'ma be a legend, dead or alive  
And you said you was my brother but you lied  
If I put my trust in you one more time  
Is you gon' ride when it's time to slide?  
Yeah, when it's time to slide  
Is you gon' ride when it's time to slide?  
When it's time to slide  
Is you gon' ride when it's time to slide?

I got niggas on my list I wanna see up in that grave  
I got niggas that I wanna see get hit up with that K  
Too much hatred in my body, so peace it ain't no space  
Since they left me out here lonely I'ma leave 'em with no face  
All I want is revenge, then I might feel better  
Twenty-three up on my hip, just want to see him on sweaters  
Too many demons I'm fighting, just tryna get it together  
If an opp catch me slippin', I won't trip, it's whatever  
'Cause when I go out, I'ma go out like a beast  
They say we beefin' on IG, but ain't nan' them niggas eat  
I been ready for whatever, I been clutchin' in my sleep  
Yeah this dick my 304 and she'll fuck you for the free  
Pussy niggas cop a strap, still be coppin' every plea  
I ain't tryna hear that shit 'cause that talk is very cheap  
Wanna see niggas on that shirt, have mamas rockin' every tee  
They say they outside every day, they ain't outside every week, bitch

I'ma be a legend, dead or alive  
And you said you was my brother but you lied  
If I put my trust in you one more time  
Is you gon' ride when it's time to slide?  
Yeah, when it's time to slide  
Is you gon' ride when it's time to slide?  
When it's time to slide  
Is you gon' ride when it's time to slide?

Dead or alive, I'm still a legend in this shit  
Can't live a normal kid life, I had to tote a stick  
'Cause I ain't had no time to fight with these niggas  
Left him dead on the scene, he ain't make the hospital  
Everybody love you when you gettin' money  
Some say when I got this money I started actin' funny  
I was robbin' all my life, thank lord for what I got  
When only posted in the 'jects, I lived at the top  
You don't know how it feel to lose your best friend  
Tell all my niggas keep a Glock, I can't feel that again  
Last week I almost threw all of this shit away  
But I got way too much on my dinner plate  
I can't leave [?] alone, gotta make sure she straight  
I feel like some people ain't gon' slide for me  
So I surround myself with niggas who gon' die 'bout me  
And I keep a lil baby who gon' ride for me

I'ma be a legend, dead or alive  
And you said you was my brother but you lied  
If I put my trust in you one more time  
Is you gon' ride when it's time to slide?  
Yeah, when it's time to slide

Is you gon' ride when it's time to slide?  
When it's time to slide  
Is you gon' ride when it's time to slide?
