Made It

SOB x RBE

Yeah
Yeah, yeah, yeah, yeah, oh
Yeah, yeah, oh

SOB x RBE that's the gang bitch
We came up from nothin' now we famous
I know niggas hate that I made it
I know niggas hate that I made it
Chop leave a nigga faceless
Codeine in my cup what I'm drankin'
My mama tell me it's a damn shame
If I could re-do my life I wouldn't change it

Up that Glock on that boy and he froze up
Got yo' bitch 10 toes down not 10 toes up
If a nigga want problems we smoke 'em
You won't see me on that block if I ain't tote 'em
I come straight up of that block I got them bands on me
I'll never let no nigga put his hands on me
I ain't cuffin' on no bitch I do my dance on 'em
Naw, I gotta keep that charlie in my hands only
And we gon' slide and slide back and never back down
All this eatin' I been doin' got me fat now
And I ain't goin' to that club if it's a pat down
Ah Ricky Run shorty hit a nigga back now
All this betrayal I done seen made me trust less
And yo bitch tryna hit my cuff she wanna function
And if it's smoke we up it ain't no discussion
All my niggas wit' the shit and play wit' sticks like percussion

SOB x RBE that's the gang bitch
We came up from nothin' now we famous
I know niggas hate that I made it
I know niggas hate that I made it
Chop leave a nigga faceless
Codeine in my cup what I'm drankin'
My mama tell me it's a damn shame
If I could re-do my life I wouldn't change it

No clout got a bag and some fame now
Now I fuck his bitch ass bent wit' her face down
And the sleep get slept so I don't fuck wit' niggas
Claim you really up in traffic but you duckin' niggas

Can't believe the closest to me started switchin' up
The fame get to our head? Naw bitch ain't lettin' it get to us
They want to go against us so bad they started cliquin' up
Got a mongoose for every snake tryna hiss at us
Damn a lot of shit ain't the same
So much shit that I seen
So much shit I can't say
Damn and I can't even complain
Yeah I can say that I made it still stuck in my ways
To see them niggas on that shirt'll have my soul feelin' great
If I opened up to you, you would open a case
Was just a lion of the jungle but I roll wit' the apes
Steady tryna keep up wit' us y'all too slow for the pace
We was youngin's in this shit feel like I'm startin' to age
So much pain up in my body how much more can I take?
Act like everything good, how much more can I fake?
And if they don't let us in then the door finna break on 'em
