

Darkness Forever

Soccer Mommy

Out in the open
Didn't sound so crazy
My friend was burning
Hot to the touch

Lithium meetings
Making me dizzy
Thinking my feeling
Shimmering mold

Darkness forever
Cold sinking ocean
I want to feel the warm of relief
The devil is chasing
Heart on the ceiling
Throw you in a struggle, out of his sleeve

Thirst from an artist
Can't burn the inside
She tried to set the evil on fire
Thrown it in the kitchen
Like hot sticky summer
Demons are rising
Up with the smoke
