

Jacob was the only one
Who ever taught me how to love
And now I'm leaving for the north
Without a kiss goodbye

I know that he'll be okay
And I know I'll get there someday
But there's a hurting in my chest
When he's not by my side, oh no

Never been with one like him
Feel him lean in for the kiss
I open up my eyes real quick
To make sure his are tight

I guess I never thought of it
As missing how he made me limp
He's melting into my own lips
I'd let him bleed me dry because

I know what it's like to be alone
And I don't wanna talk about it on the phone, no
I just wanna see his face, touch his lips, be the only one he wants t
o kiss

I can feel us separate
The moment I step on the plane
I hope he doesn't cry so hard
His eyes are dry for days

'Cause that's for me, the one who leaves
I wanna be the only side that
Has to feel the sorrow in my
Stomach like a knife baby

I know what it's like to be alone
And I don't wanna catch up with him on the phone, no
I just wanna see his face, touch his lips, be the only one he wants t
o kiss

I know what it's like to be alone
And I don't wanna talk about it on the phone, no
I just wanna see his face, touch his lips, be the only one he wants t
o kiss

I know what it's like to be alone
And I don't wanna catch up with him on the phone, no
I just wanna see his face, touch his lips, be the only one he wants t
o kiss
