

Try

Soccer Mommy

Passed you on a side street
Brushed across your wrist like a razor blade
You won't ever know me
I still let my dreams fill with your face
Oh no
Oh no ohh

Love could be a heartbeat
Love could be a thought that clouds your brain
Show me why my heart beats
Give me how it feels without the pain
Oh no
Oh no ohh

I-i-i-i
Just wanna
Know what you're li-i-ike
And I-i-i-i
Just wanna try
I just wanna try-y
I just wanna try

Missed you from my bedroom
I like to pretend I know your name
And whether you like cats and dogs or if the
Movies that we watch are all the same
Oh no
Oh no ohh

I-i-i-i
Just wanna
Know what you're li-i-ike
And I-i-i-i
Just wanna try
I just wanna try-y
I just wanna try

(I just wanna try)
(I just wanna try)
(I just wanna try)
