

## Waiting For Cars

Soccer Mommy

Tell me do you think about me  
When I'm lying on your heart  
Tell me do you dream about me when you sleep out underneath the  
stars  
'Cause I don't want a hollow smile  
I want all that's on your face  
And I don't only want to love you I want something that I can't  
replace

Yeah I want to know what's real  
What's been purified to heal  
My wounds  
Tell me is it you?

Saw you on the street one summer evening  
You were empty as could be  
You were lying in the road just waiting for the cars to set you  
free  
You asked me if we could run away  
Someplace nobody would know  
But I don't wanna be your fool if you're not the one who's gonn  
a take me home

Yeah I want to know what's real  
What I'm so damn scared to feel  
Yeah I want to know what's real  
What's been purified to heal  
My wounds  
Tell me is it you?  
Tell me is it you?  
Tell me is it you?  
Tell me is it you?
