## Social Club Misfits

I got 5 labels they all trying to sign me  
But why do we need you? Can you please remind me?  
I go so hard they want to find me  
My gang so large when you see us it'll look like zombies  
I'm trying to just make it, or just make it right  
I haven't slept in days and I'm not sure I'mma make my flight  
There's levels to this game, you've gotta pay the price  
But rappers think it's easy like just we made it overnight  
And Fernie told me before we started  
"These kids are dying out here plus I'm about to be a father."  
Then she came, but nothing changed, we just seemed to work harder  
Cause we seeing lives changed every single time at concerts  
I wonder if we grew up too fast  
Rappers saying they the best, don't tell my crew that  
We just getting started, and we not gonna leave  
But what's success when my own family won't talk to me?

Look at us, look, this is all from favor, baby  
Put in that work, never skipping levels, baby  
Foundations strong, sturdy what we standing on  
Feeling like we wealthy, and we not talking Giuseppe

In the building brother no doorman, man  
We the blueprint brother no floorplan, plan  
Y'all been trying to do what we're doing lately, lately  
But it's cool The Lord said keep moving baby, baby  
Stephen Wiley all in my tape deck  
Young boy just dreaming bout making it  
18 left church brother and I'm in the hood  
Rappin since 12 I'm a legend in my hood  
I did my time spit rhymes like no other  
I had Robby, I had Life we were all brothers, all brothers  
Seven zeros that faculty  
Pardon me I'm just reminiscing be glad for me  
All for the fact that my daughters living up happily  
Were the ones, social club done flipped the game and y'all know it  
This that fire coming from a credible source and y'all loving the fact it's  
anointed  
Up to the heavens I'm pointing  
Crisp plaid shorts and a pair of air Jordans  
I love The Lord and I love the fact when I die I know where I'm going

Canon R.M.G. Social Club Misfit Gang collaboration  
I'm in this, we win this, R.M.G  
I got real wealth, no lucky charm treasures  
I'm sipping the cup of living water to make my nerves better  
This world is a bad chick, her soul is cold forever  
We may be close for now, but trick we ain't together  
Been sick of spiteful stresses, so tired tired of life depressions  
I woulda walked her down the aisle, but I don't do frozen sections  
Since life woulda brought me down, no tool could turn me up  
If joy was so delicious, her charm was out of luck, yuck  
But I'm feeling so good, I'm loving my days  
I'm drunk in the spirit, I'm high off the clouds  
Up, up in the sky, higher than planes  
I'm talkin about life, I'm thinkin' about change  
I tell her what's good, she tell me what ain't  
Consider our differences, life ain't the same  
Where everything and everyone stays the same, listen  
Wealth ain't always pride and selfish gain  
I own a whip and a chain, but I ain't never been no slave  
I tell 'em, Canon R.M.G. and Social Club Misfit Gang  
Up in this I got everything and the champion hoping you somebody else with t  
he same business

I'm feelin' so wealthy, feelin' so wealthy, feelin' so wealthy oh  
I'm feelin' so wealthy, feelin' so wealthy, feelin' so wealthy oh  
I'm feelin' so wealthy, feelin' so wealthy, feelin' so wealthy oh
