

Young Gunz

Social Club Misfits

(Yeah)

(Oh)

'Cause we are the young guns, yeah
A fire in our soul, let's light it up (Light it up)
Nothing's gonna stop us, yeah (Yeah)
Yeah, we running wild, lifting Jesus high
'Cause we are the young guns, oh-oh-oh (Yeah, we are the young guns)
Yeah, we are the young guns, yeah (Young guns)

Yeah, yeah, why they lookin' down on me? Yeah (Yeah, yeah)
God's son, I got the vision they don't see yet (Woo)
I feel like when I try to fly, they shooting me down (Why?)
Working hard, the family count on me, yeah, yeah, yeah
I feel like everything happens for a reason
Every L I took, that's a lesson that I needed (Come on)
And every time I win, I give them something to believe in (Yeah)
One day we gon' look back and say that it was Jesus

'Cause we are the young guns, yeah
A fire in our soul, let's light it up
Nothing's gonna stop us, yeah (Nothing's gonna stop us)
Yeah, we running wild, lifting Jesus high (Yeah-yeah)
'Cause we are the young guns, oh-oh-oh
'Cause we are the young guns, oh-oh (Oh)
Yeah, we are the young guns, yeah
Yeah, we running wild, lifting Jesus high (Lifting Jesus high)

I just wanna live my life, make you proud of me (Uh)
For all of the times that they doubted me (Uh)
If ever a time to shine bright like a light, it is now, I challenge you to c
opy me (Please)
TikTok, running out on your wristwatch
New gatekeepers with the youth, you could sit, watch
I pray every day that when you see me, you gon' love back
Trust that everything you said to me was just that
Because that, I'm in this forever, who does that?
No one, just God, so the young guns ride
Yeah, they say that we wild, but I love that (Love it)
They say we outside, we gon' run that
'Til they hear us outside like a gun blast (Ooh)
But we come in peace and on point like a thumbtack
Always moving forward, never run back
Done that 'til it sets and the sun's back
Either we're together or we're not (Not)
Division's always been part of the plot (Why?)
Together we can make it to the top
But the fire has to burn inside so hot
When you feel it, you never want it to stop, uh

'Cause we are the young guns, yeah (Yeah)
A fire in our soul, let's light it up (Light it up)
Nothing's gonna stop us, yeah (Nothing's gonna stop us)
Yeah, we running wild, lifting Jesus high
'Cause we are the young guns, oh-oh-oh
'Cause we are the young guns, oh-oh (Oh)
Yeah, we are the young guns, yeah (Oh)

Yeah, we running wild, lifting Jesus high

'Cause we are the young guns, yeah (Nothing's gonna stop us)
