

Hour of Darkness

Social Distortion

An hour of anger an hour of love,
This hour of confusion as I look above.
Death life as I've never seen before,
One more trip like that I'm in the mental ward

These sights sounds are all around me,
They grasp and they don't let go.
The sirens, the cries, the laughter the sighs,
I hear thee hour- My Hour of Darkness

An hour of darkness, an hour that's passed,
This life I feel just won't be surpassed.
Death life as I've never seen before,
One more trip like that I'm in the morgue.

These sights sounds are all around me,
They grasp and they don't let go.
The sirens, the cries, the laughter the sighs,
I hear thee hour- My Hour of Darkness
