

Lude Boy

Social Distortion

I'm on the 714, cause I got a brand new jar,
Lemons put some light in my life, keep me happy through the night

I'm a lude boy, I don't care if I ever get home.

Getting ready to jump on the train, give me more to rack my brain.

Sudden alteration in my point of view, tables turn when I got the ludes.

I'm a lude boy, I don't care if I ever get home.
