

Let me tell you a little story  
About me and my friends  
Living in a world  
Where the fun never ends  
Going on a wave  
Right into the truth  
So don't tell me what to say  
Don't tell us what to do

'Cause we're so far along the way  
That we look down now, from outer space  
And just like stars, yeah, we are all glowing  
We're burning up and up we go

Higher, higher  
Set the world on fire  
Higher, higher  
Set the world on fire  
Higher, higher  
Set the world on fire  
Higher, higher  
Set the world on fire

It started in a town  
Outside of the city  
With a head full of dreams  
And a cup full of whiskey  
To shoot for the moon  
We had to break through the ceiling  
The sun above the clouds  
And oh, what a feeling

'Cause we're so far along the way  
That we look down now, from outer space  
And just like stars, yeah, we are all glowing  
We're burning up and up we go

Higher, higher  
Set the world on fire  
Higher, higher  
Set the world on fire  
Higher, higher  
Set the world on fire  
Higher, higher  
Set the world on fire
