

LA Too Long

Social House

Damn, I been spending money on clothes
Used to only spend it on you
Sowing seeds and it all grow
Lately all my wishes been coming up true
Living in a big-ass house with a pool
We ain't got a couch, but you know we got the stu
Fake friends hit me like, "What you up to?"
Real friends hit me like, "What you up to?"

You're happy for me, but I'm sad
Didn't know my heart was broken
One-way flight, never look back
Gotta keep my focus
You're happy for me, but I'm sad (Sad)
Didn't know my heart was broken (Broken)
One-way flight, never look back (Back)
Gotta keep my focus

Waking up at sunset
Strangers up in my bed
I remember you said that
I've been in L.A.
Takes some getting used to
Money, fame, and good news
Price I paid to lose you, yeah
I've been in L.A. too long

No more parties
Once in a while, you call me
I been working hard, I'm sorry
Wasn't thinking 'bout what it'd cost me
'Cause I can't face it
Ten toes down and I can't switch
I been with the same niggas that I came with
And we stacking like we chopping out the basement

You're happy for me, but I'm sad
Didn't know my heart was broken
One-way flight, never look back
Gotta keep my focus
You're happy for me, but I'm sad (Sad)
Didn't know my heart was broken (Broken)
One-way flight, never look back (Back)
Gotta keep my focus

Waking up at sunset
Strangers up in my bed
I remember you said that
I've been in L.A.
Takes some getting used to
Money, fame, and good news
Price I paid to lose you, yeah
I've been in L.A. too long

(I've been in L.A. too long)
(I've been in L.A. too long)
(I've been in L.A. too long)

(I've been in L.A. too long)
(I've been in L.A.)
(I've been in L.A. too)
