BAD!

Social Repose

Shawty heard you bad, word, so profane
Something like a bad, word, want your love
Call me when you can, girl, goin' up, goin' down
In and out, turn around
Shawty heard you bad, word, so profane
Something like a bad, word, want your love
Call me when you can, girl, goin' up, goin' down
In and out, turn around, love the way you movin' now

I might be insane, yeah
But I love the pain, yeah
Feel it in my brain, yeahh
Real life, she just wanna heal right
'Cause I give them chills, right

Shawty heard you bad, word, so profane
Something like a bad, word, want your love
Call me when you can, girl, goin' up, goin' down
In and out, turn around
Shawty heard you bad, word, so profane
Something like a bad, word, want your love
Call me when you can, girl, goin' up, goin' down
In and out, turn around, love the way you movin' now
