

I Wrote A Song Using Only Hate Comments

Social Repose

Social retard, go die in a hole
(Ooo, ooo)
If you kill yourself
Could you do it on a live stream?
(Ooo)
Cancel your tour, your channel, and your life, thanks

Oh my lord, at this point you're just annoying
Cancel your life, faggot
You are a murderer, by proxy
I know what you are, and it ain't human
Why do you flip your tongue out like a lizard?
Do yourself a favor and fill the tub with warm water
And just do it already

That haircut is horrible
Just like you as a person (as a person)
Please try harder not to be godawful, thanks
No sympathy... you made your bed, now lie in it (Ooo)
Please, please, please, die (die)
DIE FROM AIDS

Awh, so sad, you're not dead yet, see man
I was hoping you'd die
You worthless crap
This faggot looks like he's about to
Shoot up his local high school

You deserve all of the
Hate in the world (Ooo)
Stop being an emo poser, and kill yourself

I hope you blow your head off of your shoulders
So I don't have to see your bald ass head, and the
Shitty things that are written on it

Stop being an emo poser and kill yourself
(Cancel your channel) (Ooo)
Cancel yourself
