

Sad Song About A Girl Who Isn't Coming Back

Social Repose

I forgot how it feels
To be loved
To feel wanted
To be heard
To feel full
To give in
Give everything
To you

To feel love
And not hurt
In the moment
Its real
To find peace
In you
Is a holy scene

To feel love
To feel well
With you

And if I struggle
It will not be in vain
Because I will understand
The pain
Your name
Is just letters
All the same
I'll keep coming back
Till you say
Walk away

I'll keep coming back
Till you say
I don't want you anymore
