

# Conflagration

Sodom

Tearing down the hallowed walls  
Casting out the sacred priests  
Subjugation by cynical eyes  
The rules of war to violate

Mental disease  
Pious deceit  
Ritual decapitation  
Conflagration

Embracing the evil  
The holy war to rage within  
Spitting death revealed  
Erased reality  
Kill them if they move  
Their inner fear released  
Save them if they convert  
Conflagration sealed

The taste of blood on forked tongue  
Sarin to numb your flinching nerves  
They are slaves of confidence  
Perished on the crimson dirt

Mental disease  
Pious deceit  
Ritual decapitation  
Conflagration

Embracing the evil  
The holy war to rage within  
Spitting death revealed  
Erased reality  
Kill them if they move  
Their inner fear released  
Save them if they convert  
Conflagration sealed

Death prevails at dark horizons  
To fulfill the empty dreams  
Spitting sparks to set the fire  
Concrete graves preserve the sins

Mental disease  
Pious deceit  
Ritual decapitation
