Rapacity, vanity, disloyalty, apathy
Degradation, isolation, mental petrification
Exorbitance, decadence, avarice, indifference
Infiltration, obliteration, devilish humiliation

Tumbling down the endless gulch
Intent with empty eyes
The treacherous reality
With covering demise
Insecurity alarmed
With conflicts in your mind
The world has gone insane and dehumanized

Intractability, insanity, anarchy, stupidity
Depredation, exploitation, antagonistic demolition
Sinfulness, imperiousness, wickedness, unscrupulousness
Manipulation, execution, inauspicious disillusion

Tumbling down the endless gulch
Intent with empty eyes
The treacherous reality
With covering demise
Insecurity alarmed
With conflicts in your mind
The world has gone insane and dehumanized
