

## Scavenger

Sodom

Your creeping spirit punished me  
Horrible facts have been revealed  
Just mocking laughter from deep inside  
I'm ready for a suicide  
You are the one to taste my blood  
Enlightenment came with every stab  
To leave me where the others lie  
When flesh and soul divide

You're a scavenger  
Sinister claws and mercy refused  
You're a scavenger  
Soaked in moralin for the final escort

You are the evil sore of damnation  
Coupled with the erotic stench of death  
There is nothing you do not despise  
When your seed stimulates my strength  
The smell of decay with cute effects  
Desecrated and deflorated  
Ordered to attend the immortal wake  
Ready for the final blade

You're a scavenger  
Sinister claws and mercy refused  
You're a scavenger  
Soaked in moralin for the final escort

The truth is turned into the opposite  
The view of this world is transfigured  
Godlessness invades your eyes  
The deceptive facade revealed

They circle like vultures over your remains  
Looking for guts to find eternal life  
Bullets hits where justice fails  
Enemies buried through your mind

You're a scavenger  
Sinister claws and mercy refused  
You're a scavenger  
Soaked in moralin for the final escort
