

BIG BODY

SoFaygo

I been on that shit, I hop out big body
She like, "Lil' Go, you look hot", I look like, "Shit, prolly"
Know it took me a lil while to get my shit poppin'
I like 10 star girls, I like exotics
Know we always stay on go, we don't do pit stops
I don't even gotta say nun', I let my drip talk
That boy diamonds ain't on nun', that boy got ripped off
I just elevate like a shuttle, I lift off

Woah, we so t'd, I'm so fucking geekd'
This a space coupe, not a SRT
What the fuck you mean?
What the fuck you mean?
Got this shit on fye, it's a part of me

Hot, yeah, it's hot
You can't put me out
Keep this shit on lock
Smokin' on exotic
Shawty hit my line, yeah
Waitin' at the spot
I'm finna beat her box
And then go count my knots
Might fly to Milan
They see me, give me props
Rockstar what we on, ain't worried 'bout time we lost
I been goin' overtime, I been goin' crazy
That bitch want sum number nines
That lil ho's amazin'
Way I run this shit up, woulda thought it was a pacer
Way I put my fit up, woulda thought I had an agent
Niggas super basic, on your head like a wave cap

I been on that shit, I hop out big body
She like, "Lil go, you look hot." I look like, "Shit, prolly."
Know it took me a lil while to get my shit poppin'
I like 10 star girls, I like exotics
Know we always stay on go, we don't do pit stops
I don't even gotta say nun, I let my drip talk
That boy diamonds ain't on nun, that boy got ripped off
I just elevate like a shuttle, I lift off

Yeah, yeah
Yeah! Oh my, God!
Think I lift off
I think I lift off
