I can't spare a witness, blitzin  
You know we not missing  
Lifting all these pounds, I'm in the trap like LA Fitness  
Counting guap, I told that lil hoe keep her distance  
When I'm counting gwallah all you want is my attention  
They say boy the way you moving kinda different  
Stop and just listen, I'm in that kitchen with the wrist flick  
This lil boy play then we gon turn him into a fishstick  
That's what you get, up in that water boy don't get [?]  
Choppa hold a hunnid rounds, if he play then we gunning him down  
I'm on the move I ain't making no sound  
Can't move with no thot, I can't move with no clown  
When you hop in that water, boy don't drown  
When I come with that fye, better duck down  
And I swear they be talking when I'm not around  
You cannot kick it no this ain't allowed  
Shawty said [?] you the worst  
My shawty bad with the Glock in her purse  
She finna put that lil boy in the dirt  
She finna leave somebody momma hurt  
That boy a lame, that lil boy a nerd  
Hop in that coupe and you know I swerve  
Lil brodie don't know, then he finna learn  
Stop tryna compete when it ain't your turn  
Stop tryna be me, boy it ain't your lane  
Shoot the whole damn place boy [?]  
Boy I know you ain't real, you don't feel that pain  
And I gotta get them packs off of the plane  
I had to get it right outta the dirt  
If that boy he watching, that boy he gon learn  
[?] walked in with a smirk  
Got the blue hunnids on me they looking like Smurfs
