And I bought her some Chanel's, she got your income on her feet  
(Ooh)  
You can't try my gang, lil' nigga, you know we elite  
And it ain't no competition, man, my enemies kneel to me  
Ho, give me that top, get on your knees, and you better not use  
your teeth  
I got knots in my jeans, I got you if you got me

They can not send her to you, that ho for the streets  
That ho fucked the team, she fulfill our needs  
They like "What's that on your waist, lil' bro?" (Huh?)
