

Ayy 'woods, light that shit up

I don't even be on the IG like that, man, I don't even be on no  
socials (No social)

I just been getting my money up, money up, I'm doing just what  
I'm supposed to (Yeah)

Boy, fuck a post (Yeah, yeah), in all white, I'm a pope (Mmm)  
If you think it's a joke (Mmm), I can't leave you no hope (Oh)  
I can't leave you no hope (Oh, I can't leave you no hope)

Drinking mimosa on the coast

I'm in my bag, don't mean to boast

Shawty wanna ride on me like a boat

We can get high as fuck like a note

Straight off the mind, I never wrote

You had a chance to shine and you choked

You had a chance to get money, you broke

You not my slime, you not my bro

You not my kind, niggas be hoes

Niggas be switching, niggas be foe

Got a new coat, it's fur for the cold

Got a new swag 'cause they biting my old

I don't wanna talk about nothing, leave me alone

I'm not romantic, I'm not Trey Songz

Soon as I'm up, put my niggas on

I could give two fucks, but I'm in my zone

Huh, tell me I'm wrong

New designer, this is not no Garçon

Hit the store tell them Balenci' me down

So tired of these fakes, they steady capping me down

How much he get paid? I cannot say the amount (Uh-uh)
