

Don't be not social
Woah (Doota-doo-doo)

Pull up and I'ma slaughter, pull up and it's a go (Brrat)
Pull up, I pull your ho (Skrtrt), she wanna come to my shows (Yeah)
And that's the way it goes, you not my slime, you not my bro
Pull up in a whip, you know I'm bouncing
Gang ready, man, they know we be pouncing
Getting that Wockhardt in by the ounces
Give a fuck 'bout a nigga's announcement
She say, "Faygo, why you so childish?"
Get that money up, you know I count it
Tell that lil' bitch, "You look astounding"
But I'ma leave your heart right where I found it (Yeah)
I'ma leave a ho right where I found her
Pick her up and fuck her right on the counter
How to not love you, baby, that's for down there
Her pussy freaky, now turn on the shower
I'ma pick your petals like you a flower
I'ma get ready but give me an hour
Seen me up and now your face getting sour
When I'm up in it, you know she getting louder (Skrtrt)
Louder (Skrtrt, skrtrt), louder
I'm young and they say my mouth too foul
We see a door and then we kicking it down
Yeah, we lucky, get a [?]
And they ain't hear me but they listening now
You run up on me, put them sticks on you now
I said them hollow tips are gonna stick to your brow
Mama, I'ma show that I be your child
Back up, man, I'm kicking you out (Grrah, grrah)
You better back up, chopper kicking you down
Mask up if I need it right now
I'ma hit Saks up then I'm spending a thousand
Hitting the trap up, I just got a whole ounce in
We cannot kick it, nigga, no, we are not lounging
She said that water on me, nigga, you know she drowning
Yeah (Go), yeah (Go), yeah (Go)
Water, water, nigga, you know she drowning
Dick her down and I'ma have that ho howling
My nina hungry, yeah, it's stomach is growling
I'ma tryna get up at the top of the mountain
I can turn that pussy into a fountain
Free my brothers out of the fucking pound, man (Yeah)
