Talkin' real tough, boy, you bett' back down
My heart lost and it can't be found
Only real Faygo understand right now
Bullets finna hop up out the cut, get down
I could never care about a goddamn clown
No, I cannot wait until I make mom proud
God, I'm tryna get you in my head right now
Yeah, said I'm in the A
Don't because I can just tell from your face
Baby, do you wanna be with me?
That boy, he ramen and I'm eatin' steak
He is a kid, he gonna play
I do not care 'bout what nobody say
I'm not your hero, not savin' the day
You hate me, but you know it can go two ways
And I know you mad, nigga look at your face
Won't rat, never been on no case
Wanna be the man? Boy, you got to be brave
Bro up in his feelings, yeah, the boy gon' hate
Can't wait, man, I might just take
Came with a heater, pussy boy, get baked
(La, la, la, la, la) Get baked
Take a nigga ho and I know you so mad
He ain't gettin' guap, yeah, that boy so sad
Brownskin bae, shorty know she bad
Brother told me, "Fuck a nigga, go get cash"
Hop up in the coupe and I'ma do the whole dash
Ho, leave me alone if you don't shake ass
I'ma drop down on the boy, no mask
Playin' with the gang, we'll find where you at

Wanna play? Yeah, until he go black
I take his loot, now the lil' boy, he mad
Copyin' me, you should call me your dad
Boy on his period, he need a pad
(Yeah, yeah, yeah, yeah, yeah)
Wanna play? Yeah, until he go black
I take his loot, now the lil' boy, he mad
Copyin' me, you should call me your dad
