(Know we living lavish)

And you know my pockets, they stuck on grits  
Five thousand for the kick, five thousand for the kick  
And you know I do the fuckin' magic like a witch  
I can show you my tricks, I can show you my tricks (Yeah)  
Huh, I live that shit, yeah (Hey), I did that shit, yeah (Hey)  
Came hard from the mink, yeah (Hey, hey)  
Up, I just went up out the space (Yeah)  
Stuck, feel like they been stuck in they place (Yeah)  
Woah, I count a whole lot of cake (Woah)  
Damn, with my heart like I follow my faith (Woah)  
When I'ma pull up, I swim in that bass  
Yeah, you know that this life is so crazy

Fuck it up, yeah (Fuck it up, yeah), fuck it up, yeah (Yeah)  
It ain't even me talkin', it's the drugs, yeah, it's the drugs, yeah  
(Drugs)  
I don't wanna backtrack, what it is, yeah? What it was, yeah? (What?)  
Now I'm spendin' big racks just because, yeah, aah (Yeah, ayy, yah)  
Shawty so fast like, ayy (Ayy, yeah)  
Why you fuckin' with the fucking star, ayy? (Yeah)  
Probably pull up in a brand new car, ayy (Aah-ah)  
I can show you what the fuck you are, ayy (Yeah)  
I go to space, go to fucking Mars, ayy (Yeah)  
Man, I'm sorry, I didn't mean to go crazy (Yeah)  
Full cup, man, I love to be wasted (Yeah)  
Full blunt, and I'm in this bitch blazin'
