

Ooh ahh, yeah
(I miss you, Bryce)
(Ayo, is that twoprducers?)

I'm poppin', she know, that's your girl, yeah, she blow (Blit b lit)

I know that she a problem, she looking so exotic
I know that he not 'bout it, that girl gon' leave your side
He not gon' help you slide, they don't wanna come outside
I know that sometimes it gets dangerous (Ooh ahh)
He play, we leave him on the pavement (Yeah)
I'm looking extra stylish, girl, I don't need nobody
Act like I need your body, just shut up and let me drive

Skrrt-skrtrt-skrtrt, they let me drive
They saying no tonight, these hoes tryna get inside
Messing with the wave, your bitch getting slayed
I love the way I play, you might just get paid (Woo)
You gon' feel my pain, tryna drop the top (Skrtrt-skrtrt)
I get hella knots, that boy broke and I am not
Nigga, please delete that song 'cause you know that shit a flop
Bought that chopper oversight, get to busting at them opps
Beat a lil' boy ass, I know he gon' tell the cops
Shoutouts to the gang, nigga, yeah, we know the drop
Post up with that flame, nigga, please do not get popped
She keep on giving top, she do not give up
She just want me [?]
She not gon' give up, I know it
She just want my bucks, she gon' let me fuck
We don't give two fucks, we ain't got no trust
Is this love or is this lust?
