

Me Too

SoFaygo

"Do ya like to drink and smoke?" Yes, I do
You like to get fucked up, well baby, yeah, me too
"How you like this life?" I'm so used to it
Leave the Earth and lose myself up in this music
All I know is dubs, I cannot lose
Say you got this shit in yo blood? I'm like, "Me too"
I get hella high, drugs gon' do it too
Leave the Earth and lose myself up in the views

Come back in the world where they passion like that
In the space coupe, I'm dashin' through traf'
Nigga, how the hell did they end up like that?
And it started from my [?] like that
Can't stay here, gotta get yo' flight back
I'm a main nigga, uh-uh-uh

Racks all up in my bank, bank
Names in there I can't do (Can't)
You're that nigga [?] I'm up, fuck you

"Do ya like to drink and smoke?" Yes, I do
You like to get fucked up, well baby, yeah, me too
"How you like this life?" I'm so used to it
Leave the Earth and lose myself up in this music
All I know is dubs, I cannot lose
Say you got this shit in yo blood? I'm like, "Me too"
I get hella high, drugs gon' do it too
Leave the Earth and lose myself up in the views

Sometimes I mistake
Sometimes I get hate
Ridin' 'round with the- ridin' 'round in the A
I be thinkin' 'bout them days
When a nigga used to post up with the gang
Almost every single day
Now a nigga doing shows getting hella paid
I can't let it slip away
Telling myself, "It's gon' be okay, pain's gonna go away"
Why does it feel I might just suffocate, I'm not exaggerating

Racks all up in my bank, bank
Names in there I can't do
Ooh, ooh, uh, uh, fuck you
"Do ya like to drink and smoke?" Yes, I do
You like to get fucked up, well baby, yeah, me too
"How you like this life?" I'm so used to it
Leave the Earth and lose myself up in this music
All I know is dubs, I cannot lose
Say you got this shit in yo blood? I'm like, "Me too"
I get hella high, drugs gon' do it too
Leave the Earth and lose myself up in the views
