Restart

SoFaygo

You niggas sell something that I don't want
We ready to go to war, you was having fun
Coming in with the stick, came in with drums
We live by the code, we live by the gun
Nigga speak on Faygo, watch your tongue
Choppa bullet going straight for your lung
Yeah, the money got a nigga in love
Man, I can make a smart bitch go dumb (Uh-huh)
Y2, is that you?
Faygo, are you out of your goddamn mind?
You slayed this one!
We missed you Faygo!

I'm a rockstar (Swoo!)
I'ma rock out when I shoot that chopper (Aye)
Nigga play then he gon' need a doctor
My new nigga gon' beat a nigga like a boxer
And I can't believe that I really lost her (Yeah)
Why you actin' girl, you need a Oscar (Yeah)
Who is you foolin' lil' bro, you is not hard
She like, "Lil' Faygo need to stay off the Wockhardt"
Good gas make a young nigga restart (Do it)

Swear that I just wanna reach the stars
Yeah lil' Faygo, need to play your part
No baby, I cannot see in the dark
Need some goddamn light (Yeah)
We gonna be alright (Yeah)
We gonna be okay (Blatt!)
I can never bend on it, can't break
Baby, hit my line let's make some shake (Yeah)
Let's make some shake (Do it, do it)
Had to get off my ass and make some cake (Do-do-do-do)
I don't need a goddamn dime, nah nigga, I'm straight
How can I trust you bitch when I seen both of your faces?
This shit takes patience, pay (Yeah)
She begging me to stay
Broke nigga, I can't go that way
Came in with my, K (Blatt!)
Let it spray
You want me, you gotta wait
Little nigga, this can go two ways

I'm a rockstar (Swoo!)
I'ma rock out when I shoot that chopper (Aye)
Nigga play then he gon' need a doctor
My new nigga gon' beat a nigga like a boxer
