

Shut Up!

SoFaygo

(Damn, TRGC made that?)
Hey, you played your cards
(Ayy Woods, light that shit up)
Huh, you played your cards
Hey, huh, you played your cards, yeah

You played your cards (Hey)
I can't fuck with you no more (No)
Baby I feel like a star
Um, rocking out, where my guitar at? (Bah)
I'ma go ape like Tarzan
Brand new whip, push to start it
Growing up, I had a hard head
Now everybody know about me (Yeah)

Everybody want some clout (Yeah)
Everybody want handouts (Yeah)
I had to keep that shit going
Okay and I can't leave me in drought
Tell 'em like, what's up, what's up with it?
I'm smoking on dope, it's loud
Say like it's up, it's up
Swear that nigga, he running his mouth (Go)

You running your mouth too much
Tryna get and then count it up
Pull up on me and you test your luck
Put his mama in a Tesla
While you looking at me, I'm going
Prada on me, this ain't Ralph Lauren
Fly like a jet and you see I'm soaring
Ask me if we get to it, of course

Woo
Woo (Let's go)
Woo
Woo (Grrah)

You played your cards (Hey)
I can't fuck with you no more (No)
Baby I feel like a star
Um, rocking out, where my guitar at? (Bah)
I'ma go ape like Tarzan
Brand new whip, push to start it
Growing up, I had a hard head
Now everybody know about me (Yeah)

Everybody want some clout (Yeah)
Everybody want handouts (Yeah)
I had to keep that shit going
Okay and I can't leave me in drought
Tell 'em like, what's up, what's up with it? (Shit)
I'm smoking on dope, it's loud
Say like it's up, it's up
Swear that nigga, he running his mouth (Shut up!)
