Ho, don't speak unless you givin' neck (Uh-huh)  
She said she love the tattoos on my arm and when I'm throwin' up the set (Ye

I wanna say I took off like a jet  
But I'm so goddamn high up in the sky, I think I went faster than that (Okay

I wanna see a million, have my brother share it back

He sticking to his word, nigga, tell me how that work  
My shit just tryna kill so we runnin' off a Perc'  
You speaking on the guys and you know we go berserk  
You can see it in my eyes, yeah, we got it out the dirt  
Y'all can't settle me for less because I know my fucking worth  
Y'all wave dead, go dig that shit up out the earth
