

Want Me Now

SoFaygo

She wanna see me now (What?), she ain't want me then (Uh-huh)
I stack the big bands, wait, a minute, you can't pretend (Huh)
They smell that pack soon as I land, yeah
I got Dirty Dans, that little hoe can't get no change

(I miss you Bryce)

Last time I gave a hoe a chance, no
Never ever again, won't put my heart at stake again
She fucked up man, we had plans
I got guap and I got bands
I'm so high man, I can't land
No, I won't go there again
Yeah, that lil' boy a fan, cook him up just like a tan
Though these hoes I cannot stand
And no, I can't fuck with no trend
Beat up her back in, I'm on woah (Woah)
Put that hoe in a trance
Like the dough, yeah, hit my dance
No bae, we cannot be friends
