

XXL Freshman 2022 - SoFaygo Freestyle

SoFaygo

Late-night drinking
Sorry for my lingo, I'm owin' in my defense
I just got a lot on my mind, I been thinkin'
I just pray a nigga don't drown in the deep end
And I say, drown in the deep end
'Cause I know a lot of niggas drowning and sinking
Smilin', then weepin'
Life's full of highs and lows but we need them
I just got some goals and I'm tryin' to achieve them
Work on the weekday, party on the weekend
And look how far it got us
Had to run that bag up like I ain't had no option
I want to be legendary, they want to be poppin'
They be with the commentary, I don't hear 'em talkin'
Because I'm doing what a nigga was set out to do
I'm just playing by the book, no, I don't make the rules
I just stick to what I know and I just keep it cool
And I'm on they neck and givin' 'em no breathing room
