

Goddess In Disguise

Sofi Tukker

She's walking the streets like a runway
She's looking like an angel that fell from the sky
You never seen someone so terribly beautiful
And everyone let her pass by

She's got a body and she's not sorry
And she's got that mysterious face
Now don't get too close to her dancing
You know she's going on and on and on and on and on
On and on and on and on and on

There is no other, no one above her
If we're talking paper, she's on the cover
The way she's moving
Oh yaayaya ya ya
Nossa, nossa
She's a goddess in disguise

Ela não anda, ela desfila
Ela é top capa de revista
É a mais, mais ela arrasa no look
Tira foto no espelho pra postar no Facebook

She's all seven wonders, I wonder
If she knows how wonderful she really is
An extraterrestrial creature
She could change the weather with only a kiss
She will devour
She's got that power
There's magic wherever she goes
She's full of delight when she dances
You know she gets you on and on and on and on
On and on and on and on and on

There is no other, no one above her
If we're talking paper, she's on the cover
The way she's moving
Oh yaayaya ya ya
Nossa, nossa
She's a goddess in disguise

É a mais, mais ela arrasa no look
