Perfect Someone

Sofi Tukker

Right when I laid eyes on you
I thought to myself
Oh, could it be
Someone that's made just for me?
Oh I can't make this up
What if I fuck it up?
Well then I'm wrong
You're not the perfect someone made for me

Right when I laid eyes on you
I thought to myself
Oh, could it be
Someone that's made just for me?
Oh I can't make this up
What if I fuck it up?

Right when I laid eyes on you
I thought to myself
Oh, could it be
Someone that's made just for me?
Oh I can't make this up
What if I fuck it up?
Well then I'm wrong
You're not the perfect someone made for me

Laid eyes on you
Laid eyes on you
Laid eyes on you
Laid eyes on you
Laid eyes on you
Laid eyes on you
Laid eyes on you
Laid eyes on you

Right when I laid eyes on you
I thought to myself
Oh, could it be
Someone that's made just for me?
Oh I can't make this up
What if I fuck it up?
Well then I'm wrong
You're not the perfect someone made for me
