Ringless

Sofi Tukker

We went from heat to hate
When I met you, you were ringless, but you were engaged

I'm more than the worst thing I've ever done
I'm less than the best thing I've ever won
So what?
Thank God I don't get drunk
Oh, I read on the back of a bathroom stall
That salt water can cure anything at all
But what?
But what about us?

Your map in my rear view
When I met you I was strong but I got lost near you

I'm more than the worst thing I've ever done
I'm less than the best thing I've ever won
So what?
Thank God I don't get drunk
Oh, I read on the back of a bathroom stall
That salt water can cure anything at all
But what?
But what about us?

We're in conversation, it's true if we're ready or not
This is black magic, go back to that ring you forgot
You gotta sleep in the bed you made
And I will not
