

## Anyways How You Been?

Sofia Camara

It's not personal  
You made it personal, so we're aware  
And you play a well  
Like you're under water but still breathing air  
Haven't spoken in four months  
But you act like you're so tough  
Wish that I had a warning sign  
Before everything blew up

I was a little obsessive  
And you're a little bit out of touch  
Everything looks the same  
But nothing is what it was  
I was a little bit distant  
And you hating me being far  
I don't know what to tell you  
I don't even know where to start

If this is it  
Then I think I should cut the rope  
If there's no coming back  
Then I don't wanna to know  
After the curtains close  
What's gonna happen then?  
Another loss, I'm lost without you  
But anyways how you been?

You self-sabotage  
You make it worse when I know you mean well  
Gotta bite my tongue  
Eating my words, even though it all hurts like hell

Haven't spoken in four months  
And I'm starting to miss us  
Now I'm all in my head  
And I'm wondering if there's something I shoulda said

I was a little obsessive  
And you're a little bit out of touch  
Everything looks the same  
But nothing is what it was  
I was a little bit distant  
And you hated me being far  
I don't know what to tell you  
I don't even know where to start

If this is it  
Then I think I should cut the rope  
If there's no coming back  
Then I don't wanna to know  
After the curtains close  
What's gonna happen then?  
Another loss, I'm lost without you  
But anyways how you been?

Anyways how you been?  
I been crawling in skin

I can't run, I can't win  
Anyways how you been?  
Don't wanna leave, but I have to go  
Get on a plane and go back home  
I'm starting over, it ain't over  
I know I'll find you either way  
But anyways how you been?

If this is it  
Then I think I should cut the rope  
If there's no coming back  
Then I don't wanna to know  
After the curtains close  
What's gonna happen then?  
Another loss, I'm lost without you  
But anyways how you been?
