

Different

Sofia Camara

The day I left it broke me
I swear to God your the only one who understands
But I'm
Afraid to say this is the end
I wish you knew how much I loved you and still care
I do

But if you wanna walk away
Can I keep the memories
Is it to late for me to say

Can we just stay friends?
Can we just stay friends
Every time you look my way
I remember yesterday
Please let me love you
Different
Let me let me
Love you
(Wooooooo)
Let me let me
Love you
(Wooooo)
Let me love you
Different

I thought the world was ending
All I would do is cry
No I couldn't leave my bed
Now I'm
On my way mending
I hope your doing fine been a minute since I left
So if

If you wanna walk away
Can I keep the memories
Is it to late for me to say

Can we just stay friends?
Can we just stay friends
Every time you look my way
I remember yesterday
Please let me love you
Different
Let me let me
Love you
(Wooooo)
Let me let me
Love you
(Woooooo)
Let me love you
Let me love you
(Wooooo)
Let me let me
Love you
