Fool's Gold

Sofia Carson

Make up your mind
Or are you unable to do that for me?
I won't let you in 'til you make up your mind (Make up your min
d)
I have to know you 'til I let you know me
Ooh (Ooh), uh

I've been working overtime learning how to love myself
Used to trust too easy but I learned that from someone else
Baby, you feel it, I got diamonds in my eyes, he said
Yes, my ego likes you, my intuition pulling back

Oh, down in my soul, I need to know
Are you for real or fool's gold?
You're pulling me close, but I need to know
Are you for real or fool's gold?

Make up your mind
Or are you unable to do that for me?
I won't let you in 'til you make up your mind (Make up your min
d)
I have to know you 'til I let you know me
Ooh (Ooh), uh

I've been working overtime learning how to love myself
Used to trust too easy but I learned that from someone else
Baby, you feel it, I got diamonds in my eyes, he said
Yes, my ego likes you, my intuition pulling back

Oh (Oh), down in my soul (Soul), I need to know (Know)
Are you for real or fool's gold?
You're pulling me close, but I need to know
Are you for real or fool's gold?

Are you fool's gold?
It's always been you, it's always been you (Pulling me close)
Are you for real or fool's gold? (I need to know, fool's gold)
It's always been you, it's always been you (Oh)
Are you for real or fool's gold? (Are you fool's gold?)
