

# Hold On To Me

Sofia Carson

You've been walking alone for so long  
And you've been building a wall around your heart

But I promise there is a light at the end of this long ride, wo  
ah  
This time I know you'll be alright 'cause I'm standing at your  
side, woah

'Cause when you feel like you've been falling  
Hold on to me  
And when the river sweeps you right off your feet  
Hold on to me  
Ooh, hold on to me  
Ooh, hold on to me

Life, an ocean, keeps pulling your anchor down  
Deep in darkness and you can't hear a sound

But I promise there is a light at the end of this long ride, wo  
ah  
This time I know you'll be alright 'cause I'm standing at your  
side, woah

'Cause when you feel like you've been falling  
Hold on to me  
And when the river sweeps you right off your feet  
Hold on to me  
Ooh, hold on to me  
Ooh, hold on to me

Hold on to me now  
I won't let you drown  
Hold on to me (Hold on to me)  
Hold on to me now  
Take you to higher ground  
Hold on to me

'Cause when you feel like you've been falling  
Hold on to me (Hold on to me)  
And when the river sweeps you right off your feet  
Hold on to me  
Ooh, hold on to me  
Ooh, hold on to me  
Ooh, hold on to me  
Ooh, hold on to me  
(Hold on to me)
