

# I Luv U

Sofia Carson

You the type of guy to write a song about  
You're laid back, nobody know what's on your mind  
We been talking for a while now  
(We been talking for a while now)  
And I been falling for a while now  
You say that everything with you is fine  
Even though we're always hanging out  
I get the feeling that you're not around, yeah

We were always up to something  
Now you're all in your head

I love you  
But I wish it wasn't true  
'Cause I know you think of her  
When I'm lying next to you  
I love you  
And I don't know what to do  
'Cause you can't get over her  
And I can't get over you

You the type of guy to tell your mom about  
You're laid back, but running circles round my mind  
I been falling for a while now  
(I been falling, I been falling, I been falling)  
But you been lying for a while now  
You say that everything with you was fine  
Even though we're always hanging out  
I get the feeling that you're not around, yeah

We were always up to something  
Now you're all in your head

I love you  
But I wish it wasn't true  
'Cause I know you think of her  
When I'm lying next to you  
I love you  
And I don't know what to do  
'Cause you can't get over her  
And I can't get over you  
(I can't get over you)

I love you  
And I don't know what to do  
'Cause you can't get over her  
And I can't get over you
