

# I'm Gonna Love You

Sofia Carson

Hola, nice to meet ya  
Wanna get a little close to me now  
Boom, pick it up, watch me ride the beat yeah  
Come pick it up, I need ya, need ya  
Fall down to the ground  
Never seen nobody like you round you town  
Never seen nobody like you round you town  
Boom didi boom, didi boom, didi pow

I'm gonna love you like no one else has loved ya, all night  
I'm gonna love you like no one else has loved ya, all night  
I'm gonna love you like no one else has loved ya, all night  
I'm gonna love you like no one else has loved ya, all night  
Like no one else has loved ya, alright  
Like no one else has loved ya, alright  
Like no one else has loved ya, alright  
Like no one else has loved ya, all night
