

# Ins And Outs

Sofia Carson

Yeah

Don't leave anything out, don't spare no details  
And say what you want, I'm not fragile  
'Cause I can promise (uh) that how I'm doing  
No, I won't let your history get to the best of me (uh, huh, huh)

No, I (I) won't bring the gavel down on you  
No, no, no, no, no, no no  
No, no, no, no, no, no no  
No, I (I) condition never to judge you  
No, no, no, no, no, no no  
No, no, no, no, no, no no

Tell me, tell me, tell me  
All the ins and outs  
They carry something, something (ah) to figure out  
Discover your information, this intimate situation  
Show me, show me, show me  
All the ins and outs  
'Cause it'll just make it easier to love you (uh, uh, uh, uh)

You got 21 questions, I got 21 answers  
Open the pages, yeah, to unlock what's yours
