

# Love Is The Name

Sofia Carson

We are gonna build it up  
Like rock stars  
Go nirvana in here  
We are gonna spit it out  
Tick tock  
Life is a video game

And we could be in love  
Or not lie  
See, I really don't care  
I just wanna be right here,  
I just wanna be right here

We can rule the oceans  
We can rule the world  
We'd be the commotion, baby

So we'll never regret that life's  
Gonna be what we be  
So we'll turn the music up tonight  
Let the beat set you free  
Give it everything you got  
And dance all your worries away  
Forget yesterday  
This life is a game  
And love is the name  
Na, na, na, na, na  
Love is the name  
Na, na, na, na, na

I love the way your skin  
Feels on mine  
I'm digging your style  
The way you let me in  
On secrets  
That are already mine

And we could be in love  
Or not now  
See, I really don't care  
I just wanna be right here,  
I just wanna be right here

We could rule the oceans  
We could rule the world  
We'd be the commotion, baby
