

# Glowing Up

Sofia Karlberg

Barely no time  
Baby, that's my mistake  
Hoping we're fine  
Ways to keep us both wide awake  
Show me your light  
Make it as bright as day  
Give me that sign  
Do it for my own sake

Falling towards darkest of waters  
Diving deep till we can't breathe  
Take me into your land  
Where I can see

Our bodies glowing up  
Our bodies glowing up

Blinded by light  
Kaleidoscope, follow me  
Losing my sight  
Now everything I can see  
It's just you and I  
Surrounded by bittersweet  
I wish you were mine  
Keep stalling, I never leave

Falling towards darkest of waters  
Diving deep till we can't breathe  
Take me into your land  
Where I can see

Our bodies glowing up  
Our bodies glowing up  
Our bodies glowing up  
Our bodies glowing up

Our bodies glowing up  
Our bodies glowing up  
Our bodies glowing up  
Our bodies glowing up  
Our bodies glowing up
