

# Girls

Sofia Reyes

Me and my girls napping them picks  
Like centerfolds  
Boys in our heels, we so high  
Make the trumpets blow  
Me and my girls making them trip, like animals  
Boys in our heels, we so high  
Make the trumpets blow  
Make the trumpets blow  
Make the trumpets blow

We are the leaders tonight tonight, we break up the rules, okay?  
Livin' la vida, we gonna live it  
Time to let down our hair  
Up up away like a airplane, climbing without a stair  
'Cause we are the leaders tonight, tonight you'll never forget our name  
Es nuestra voz retumba fuerte  
Like a million drones  
We're dancing

Me and my girls napping them picks, like centerfolds  
Poise in our heels, we so high  
Make the trumpets blow  
Me and my girls making them trip, like animals  
Poise in our heels, we so high  
Make the trumpets blow  
Make the trumpets blow  
Make the trumpets blow

Rolling your speakers, we are the dreamers taking over the floor  
We rule the world now, I don't suppose yeah, we came to give you more  
Pull up, pull up, and we take over  
Better get out, get out our way  
All in your speakers, we are the dreamers, we got a lot to say  
Nuestra voz retumba fuerte

Like a million drones  
We're dancing

Me and my girls napping them picks  
Like centerfolds  
Poise in our heels, we so high  
Make the trumpets blow  
Me and my girls making them trip, like animals  
Poise in our heels, we so high  
Make the trumpets blow

Girls, you ready?  
Girls, you ready?  
Girls, you ready?  
Girls, you ready?

Me and my girls napping them picks  
Like centerfolds  
Poise in our heels, we so high  
Make the trumpets blow  
Me and my girls making them trip, like animals  
Poise in our heels, we so high

Make the trumpets blow
