

Factory Fun

Soft Cell

Factory fun, live your life in the lights
Factory fun, pass away lonely nights

Factory fun, there's a space over there
Factory fun, for you to go through the motions, the motions

Custom built for good times
Custom built for fun
Just a click up a switch
And the beat machine goes on

Factory fun, live your life in the lights
Factory fun, pass away lonely nights

Factory fun, there's a space over there
Factory fun, for you to go through the motions, the motions

Custom built for good times
Pretend you're having fun
Just a click of a switch
And the misery goes on

Factory fun, live your life in the lights
Factory fun, pass away lonely nights

Factory fun, there's a space over there
Factory fun, for you to go through the motions, the motions

Custom built for good times
Pretend you're having fun, fun
Just a click of a switch
And the misery goes on

You're so lonely
I'm so lonely
You're so lonely
Oh, I'm so lonely

You're so lonely
I'm so lonely
You're so lonely
I'm so lonely

You're so lonely
We're so lonely
We're so lonely
We're so lonely
