```
Wherever I go
I take a little piece of you
I collect, I reject
Photos I took of you
Well, times that I passed through
So many faces, so many places
I have got to have a memory
I have never been there
I have never been there
I have never had you
I can't remember
Give me your reminder
I can't remember
Give me your reminder
I collect, I reject
Memorabilia, memorabilia
Memorabilia, memorabilia
Key chains and snowstorms
Taste of your sweat
The look in your eyes
I have been inside you
I know what it feels like
I collect, I reject
I collect, I reject
I collect, I reject
Memorabilia
Give me your reminder
Give me your reminder
Give me your reminder
```

I can't remember

Give me your reminder Give me your reminder Give me your reminder I can't remember

I collect, I reject I collect, I reject

I collect, I reject

I collect, I reject

Memorabilia, memorabilia Memorabilia, memorabilia Memorabilia, memorabilia Memorabilia, memorabilia
